1. The proposed drawings changes were received on 11/25/05. These changes are approved.

In order to avoid abandonment, the drawing informalities noted in the paper mailed on 9/26/05 must be corrected. Correction can only be effected in the manner set forth in the above noted paper.

2. Applicant is now required to submit a substitute declaration or oath to correct the deficiencies set forth, as the filing date of the parent application SN 09/839,900 listed in the declaration is incorrect. The substitute oath or declaration must be filed within the THREE MONTH shortened statutory period set for reply in the "Notice of Allowability" (PTO-37). Extensions of time may NOT be obtained under the provisions of 37 CFR 1.136. Failure to timely file the substitute declaration (or oath) will result in **ABANDONMENT** of the application. The transmittal letter accompanying the declaration (or oath) should indicate the date of the "Notice of Allowance" (PTOL-85) and the application number in the upper right hand corner.

3. Applicant's arguments, see pages 8 and 9 of the amendment, filed 11/25/05, with respect to the objections to the specification and rejections of the claims have been fully considered and are persuasive. The objection to the specification and rejection of the claims have been withdrawn.

4. Claims 1-7,12-15 and 17-25 are allowed while claims 8-11 and 16 have been canceled.

5. The following are suggested formats for either a Certificate of Mailing or Certificate of Transmission under 37 CFR 1.8(a). The certification may be included with all correspondence concerning this application or proceeding to establish a date of mailing or transmission under 37 CFR 1.8(a). Proper use of this procedure will result in
